EUROWEAR

The decision was made in 2009.

A year later in 2010 the trademark EUROWEAR was born.

We started with a lot of energy and ideas.

Carefully but with a clear vision.

There are still many goals we want to accomplish.

We want to create products with the most practical value for our buyers.

*That is why our products are made out of
good quality materials, comfortable and fashionable cuts.*

*Besides offering the customers everyday products,
we also offer some that are a bit different.*

The first five years are now behind us and in front of you is our first catalogue.

Behind The Scene

We knew that if we wanted to present the EUROWEAR products in the best possible light, we needed the best quality photographs to go with it. For our first photoshoot we picked our city of Ljubljana. For the entire team involved this was quite the challenge, but it was enjoyable from beginning to end.

In the end we were certain that we accomplished everything we set out to do.

All thanks go to our two photographers Stane and Aljaž. And special thanks to our models Urbanu, Ani Marija and Lizi.

We look forward to our next photoshooting.
